

Go Further in Europe

Funding opportunities in Further Education

About the Lifelong Learning Programme

The Lifelong Learning Programme (LLP) is a European funding programme, which supports a wide range of education and training projects for students, teachers, trainers and managers in Further Education. The LLP is made up of the following programmes, offering a variety of exciting and rewarding opportunities throughout Europe that help improve career prospects, encourage mobility and promote greater cultural awareness:

Comenius

Comenius targets schools and further education and is designed to provide opportunities for schools and colleges to introduce or strengthen the European dimension in their curriculum.

Erasmus

Erasmus is the European exchange programme for higher education students, teachers, staff and institutions. It enables students to study or work in another European country as part of their degree. Erasmus also provides funding support for teaching or training visits for staff to other institutions and enterprises in Europe.

eTwinning

eTwinning enables schools and colleges across Europe to work together using Information and Communication Technology (ICT). As a school or college you can register your details, search for partners and engage in ICT based collaborative projects.

Leonardo

Leonardo supports the development of skills and training. It funds work placements for trainees, workers and staff, and supports European projects to discuss common issues or develop training materials, courses and frameworks. Leonardo can help your organisation improve its training provision and share good practice with other countries.

Grundtvig

Grundtvig is a passport to training opportunities for adult education organisations, teachers and learners. Adult educators can be involved in structured courses, conferences and even job shadowing. Organisations can be part of exciting partnerships and projects to share innovation and good practice in adult learning.

Transversal Study Visits

If you're a learning professional involved in the design or delivery of education or vocational training, you could benefit from a visit to another European country. You'll spend up to a week finding out about education systems and practices in Europe. Best of all, your programme is organised for you so taking part couldn't be easier.
